Our children are at the heart of everything we do. They need to feel safe and happy in a place where we nurture and develop their independent learning skills and respect for both themselves and others.

We inspire our children by providing a creative curriculum, using innovative practice that responds to the children's needs and enables them to lead their own learning. We equip our children with the skills required for the 21st century. We fully understand that children only get one go at being a child so aim to guide our children to develop their life skills so they can contribute positively to a cohesive society and fulfil their great potential. If you think you could be an outstanding PSA, with a drive to be part of something exciting then this is the opportunity for you.
