

# EYFS Spring FS1

## The wonder of water

Claude Monet

Blown bubble printing

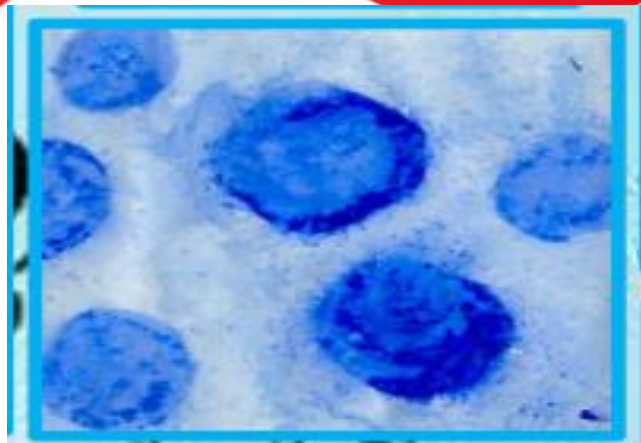

Bubble printing, exploring shapes, patterns, printing on circular thick cartridge paper white. Teacher additional knowledge: <https://youtu.be/7eax3FG4Lw4>

Know that they can use paint and drawing to record what they see.  
Know that if they add water to paint it becomes runny.  
Know how to draw some marks: linear, circular and wavy to create an image and pattern.  
Know how to mix powder paint using a number 20 brush.  
Know how to mix thick paint.  
Know if they add white to blue it makes pale blue.

Observe and record ripples in water, drips into puddles, colour in water tray shades of blue in the environment, artist images

Know how to create representations of ripples in water – draw and paint

Ripples in water

Observe, record ripples using white wax crayon and then a blue paint wash. Practice circular drawing marks.

Wax resist

**Vocabulary:** paint, pastel, chalk, pencil, white wax crayon, print, Primary colour blue and white. Linked to water and bubbles. Brush, palette, water pot, dip, mix, scrape, join, print, thick, thin, straight, wavy, lines, dab, circular. pastel blue white, smudge, lines, wavy, circles, scoop brush handle bristles ripples  
Bubbles wax crayon wash water chalk pastel circles curved lines

Recording from observation of first hand experiences wavy patterns in powder paint, mixing shades of blue by adding white. Wavy and line dabbing. Water effect.
